Net Gain

One of the latest evolutions in golf has eliminated holes altogether. **GolfCross** enthusiasts in New Zealand whack an oval ball into netted goals; when teed up vertically, the egg, as it's called, flies true, but when set at various angles, it can be directed left or right. The nine-hole course at South Island's Rippon Vineyard includes complimentary wine tasting (64-3-443-8084; golfcross.com; round, \$20). In Turkey, **Cross Golf Cappadocia** has its nine nets set amid the striking rock formations of Göreme National Park. The natural terrain is both fairway and rough. Hotel transfers, club rental, caddy, and post-game barbecue are included (90-384-271-23-51; crossgolf.com.tr; round, \$370).

PLAY DOUGH

In 2007, Americans spent \$26.1 billion on golf vacations.

[RUN FOR COVER]

Keri Golf gives the functional-but-boring clubhead cover a fashionable twist. Side zips provide snug fit down the shaft, and water-resistant fabrics in sunny hues and bold prints protect against the elements. And as with any great accessory, there's a bag to match—they pair perfectly with the company's new line of golf bags (kerigolf.com; four covers, \$75).

[MEASURE FOR MEASURE]

The new generation of range finders in the pros' bags this year (in 2006, the USGA approved the use of range finders during play) are also well suited for your next golf outing. With a downloadable bank of 17,000 courses in 45 countries, SkyGolf's **SkyCaddie SG5** has GPS capability that can measure distances between you and up to 40 targets within one yard, and gauge the shape of the green from any approach angle (skygolfgps.com; \$430).

STATE BUDGET

With an average of \$95 a round, Hawaii is the most expensive state in which to play golf.

[THE WRITE STUFF]

Keep a running record of your play on the world's most memorable courses in Smythson's **Panama Golf Notes** book, hand-made in England. The 64 gilt-edge, featherweight leaves are bound in sky blue or navy lambskin, dignifying your scores even if you're marking more bogeys than birdies (smythson.com; \$75).

[VISION STATEMENT]

You'll see the flight of your ball in HD when wearing Oakley's **Radar Range**, **Pitch**, or **Path** sunglasses, each style available in two lenses: The tungsten iridium lens reduces glare in bright sun, while the rose tint lens enhances contrast in flat light. No matter which lens conditions dictate, they'll keep smudge-free with water- and oil-repellent coatings. And the close fit means they'll stay in alignment whether you're hacking out of the rough or staring down at a birdie putt (oakley.com/radar; \$175).

ROAD TRIP

When it opens this year, Nullarbor Links will be the world's longest course, spanning 800 miles in Western and South Australia.

Round Advice

In its 101-year history, Pinehurst No. 2 has hosted the most championships in the United States. We caught up with **Eddie Mackenzie**, who has 19 years' experience caddying No. 2, to get his tips for playing the Donald Ross--designed course.

Forget par: "The average score from the white tees is about 105. You gotta play No. 2 one shot at a time." **Course management:** "The greens are elevated and the crowning can be severe, and that usually involves laying up and then a chip-and-run up the hill—like at St. Andrews. Ross was a Scotsman, after all." **Favorite hole:** "Everybody loves 18. On Sundays, the hole is in the same spot it was when Payne Stewart nailed the 15-foot putt to win the 1999 U.S. Open."

Rates reflect the lowest double-room price during the resort's high season for golf. \$ = \$349 and under, \$\$ = \$350-\$499, \$\$\$ = \$500 or more.

METHODOLOGY We tabulated the responses of 2,805 Condé Nast Traveler readers who were asked to evaluate 477 golf resorts that they had visited in the past three years. Properties were rated on six criteria—Design of Courses (20 percent of score), Golf Staff & Service (20 percent), Rooms (15 percent), Resort Service (15 percent), Food/Dining (15 percent), and Activities/Facilities (15 percent)—using a five-point scale: excellent, very good, good, fair, and poor. Each score represents the percentage of respondents who rated a particular feature excellent or very good. Only properties that received a required minimum number of responses were included in these rankings.

GAME ADVISORY

The word *fore* originated in the Scottish military, where it was used to warn troops in forward positions of incoming artillery fire.

[PUTTING 2.0]

Spending hours on the putting green will only benefit your score if you're correcting your bad habits. Working out the kinks is a cinch with Adams Golf's **DiXX Digital Training Putter**. The detachable computer measures the

path, impact position, and face angle of your putts (see right), while other sensors monitor details like hand vibrations. And it will track the progress of your swing as you improve (see left). The putter, available in mallet and blade styles, is USGA approved for course play when the computer is removed (adams golf.com; \$400).
